GENERAL STRIKE COMING TONIGHT

NO HOPE OF SETTLEMENT OF
STREET-CAR STRIKE IN
PHILADELPHIA.

A HUNDRED THOUSAND OUT

Labor Leaders Will Order the Big
Demonstration Strike to Start
at Midnight.

[BY ASSOCIATED PRESS.]
Philadelphia, Pa., March 3.—All
hope of an amicable settlement of the
street-car strike having been aban-
doned, the labor leaders are prepar-
ing to call a general strike to take
effect at midnight tonight.

Hundred Thousand Out
This will mean that, aside from the
street-car strikers, there will be a
hundred thousand skilled workmen, all
members of different unions, go out
to add to the present disorders of the
city, in a sympathetic strike.

Officials Ready
The state troops which have been
kept in readiness to reinforce the state
constabulary will be given strict or-

POSTAL BANK MEASURE

Objections to the Bill As It Stands Are
Made and Debate
Follows.

[BY ASSOCIATED PRESS.]
Washington, D. C., March 4.—Represen-
tative Doolittle of Michigan has in-
troduced a bill permitting all benevo-
lent, fraternal, educational or trade
unions to publish notices to enter the mails
at second-class matter and to enjoy
the same rates as other publications
of that class.

It is provided also that they may
carry any sort of general advertising.
The latter provision is to circumvent
the ruling of the postmaster general
which prohibited them from being
carried as second class matter if they
printed general advertising.

DITCH DIGGING TO BE STARTED SHORTLY

Darcy Drainage District Near Wausau
Will Reclaim Much
Land.

[SPECIAL TO THE GAZETTE.]

Wausau, Wis., March 4.—Work of
digging the ditches in the Darcy drain-
age district, which was suspended
during the winter, will be resumed
as soon as the ice melts so that the
dredges can be floated. It is expected
to have the work entirely completed
by the first of June, when the re-
sults of the draining project will be
known. The big ditch is completed to
within a few miles of the point select-
ed for the outlet into the Wisconsin
river which is a short distance south
of Darcy. The lateral are all com-
pleted with the exception of one, which
will require but a short time to com-
plete.

The undertaking of reclaiming the
32,000 acres of swamp lands included
in the district was an enormous one,
but with its completion one of the
most fertile tracts of land in the state
will be opened to agriculture. The
main artery when finished will be
fourteen miles in length. It follows
the course of the Little Eau Poudre
river and is in reality another chan-
nel for that stream, which will be the
most striking feature. The Little Eau Poudre
is a winding stream, but the big ditch
makes a new course for it, which will
mean the reclaiming of many acres
now traversed by that stream.

In addition to the big ditch there are
eleven laterals, extending north and
south from the main drain and tribu-
tary thereto, which will carry off the
surplus water from all the lands in
the district. Three dredges, one large
and two small, each having ten men,
have been used in the work of digging
the ditches. The large dredge, which
was used in the big ditch, has a dip-
per with a capacity of two and a half
cubic yards, while the small dredges
have a capacity of one cubic yard each.

The funds for carrying on the work
were raised by selling bonds, which
will begin to mature in installments in
five years from the date of issue. The
cost per acre to reclaim the land will
be \$5.50.

G. C. Knoller of Darcy, a member
of the commission, and one of the
originators of the plan to drain the
land, said, yesterday, that the land,
when drained, would grow crops as
well as any in the state. Several
farmers have already been sold and it
is expected by those interested that
there will be no difficulty in dispos-
ing of the entire tract as soon as the
results of the improvement are ap-
parent. Land in that vicinity is selling
from \$25 to \$50 per acre, depending
on the state of development it is in.

NEGRO COLLEGE ORATOR REPRESENTS VERNON, IOWA

AT MOUNT VERNON, IOWA

[SPECIAL TO THE GAZETTE.]

Des Moines, Ia., March 4.—Represen-
tatives of the principal colleges of
Iowa assembled today for the annual
convocation of the State oratorical as-
sociation. Prominent among the con-
fessants is a negro, Henry Coleman, who
was chosen to represent Cornell Col-
lege, at Mount Vernon. In the pre-
liminary contest Coleman defeated all
others, speaking on the subject, "The
Philosophy of the Race Problem."

GENERAL GOSSIP OF WHOLE STATE

UNIVERSITY AND STATE AFFAIRS
TOUCHED UPON BY COR-
RESPONDENT.

VIEWED FROM MADISON

Lewis' Candidacy for Governor Still a
Problem—Cook's Senatorial
Aspirations.

[SPECIAL TO THE GAZETTE.]

Madison, Wis., March 4.—Prof. E. A.
Ross of the chair of sociology in the
University of Wisconsin, now in
China on a study trip, is expected
never to resume his teaching work
at the Under State school. The di-
rect rebate handed him Wednesday
by the board of regents of the univer-
sity, ensuring him for "indiscretions"
in allowing dangerous philosophers to
speak to classes of university students,
is such that his friends declare he
will never return to work here even
should the regents at the June meet-
ing see fit to rescind his ban. For
another year, Prof. Ross, himself a
man of extremely brave, not to say
brave, ideas along sociological lines, brought
to the university for a lecture series
by the board of regents, will be
expected to bring out big fields of
the best performers in their respec-
tive classes.

Friends of President C. H. Van Hise
were able to convince the regents, who
were indignant to the point of exco-
municating the very liberal views he en-
tained, that the official head of the uni-
versity was not to blame for the in-
famous occurrence. The official
board of visitors, composed of friends
of President Van Hise, made an in-
vestigation of the incident of the recent
visit here of Emma Goldman, anar-
chist, and reported to the regents com-
pletely exonerating President Van
Hise, but the regents adopted nothing
that was allowed to go out as ex-
pressing the view of the regents on
that subject. It appears that the most
the regents would do was to remain
officially silent on the matter of the
responsibility of President Van Hise
for the indiscretions of the professors
under him.

Politics in Wisconsin seemingly
sleeps since the announcement of the
candidacy of State Senator Thomas
Morris of La Crosse for lieutenant gov-
ernor. Disappointment of his friends
that he did the thing which for months
he declared he would not do, that is,
back up on his ambition to run for
governor, comes daily, but they are
loyal to "Tom" and remark that he
was always too ready to sacrifice his
own interests for the sake of peace.
Many of the very liberal republicans
are repudiating their belief that E.
J. McDevore of Milwaukee is the real
La Follette choice for governor, but
Captain Mitchell Lewis of Racine, an
announced candidate for the govern-
orship, smiles and says: "Watch my
smoke." He is paying La Follette
\$2,500 a year for advertising the au-
tomobiles made by the Racine emu-
lators, and as long as the back page
of "Pop's" magazine proclaims the
merits of the candidate's car it would
seem that badness harmony, if not
political, maintains between them.

Notwithstanding the efforts of the
La Follette people to discredit ex-Con-
gressman Lewis, the La Follette people

SEVERAL COLLEGES TO BE REPRESENTED

in Georgetown University's Indoor
Track and Field Games To-
morrow Night.

[SPECIAL TO THE GAZETTE.]

Washington, D. C., March 4.—The
eleventh annual indoor track and field
games of Georgetown University, to
be held tomorrow night in Convention
Hall, will attract to this city several
hundred athletes representing many
of the prominent colleges and schools
of the East. Interesting competitions
in the various events are assured. The
annual battle for the Southern Inter-
collegiate championship between
Georgetown and Virginia is the fea-
ture of the meet in which most local
interest is manifested. Teams repre-
senting Yale, Princeton, Cornell,
Pennsylvania, Columbia and other big
colleges will be seen in the relay
races and also in the dashes. Then
there will be the middle-distance runs
and the field events, all of which are
expected to bring out big fields of
the best performers in their respec-
tive classes.

Peoria, Ill., March 4.—A telephone
message from Richard Nowlan, state
mine inspector, says that sixty-one
bodies of miners were taken from the
mine at Cherry this morning. Nowlan
says that this will probably be all
the bodies that will ever be recovered
and that identification is impossi-
ble owing to decomposition.

NO REST FOR TAFT-- SCHEDULE FILLED FOR THREE MONTHS

Will Be in Chicago On St. Patrick's
Day—Thence to Albany, New
Haven, And Providence
(SPECIAL TO THE GAZETTE.)

Washington, D. C., March 4.—Some
of the President's friends, fearing that
he may overtax his strength and
physical endurance, are urging him to
cancel some of the many public en-
gagements he has made for the next
few months and to take a bit easier
until the time arrives for his sum-
mer vacation. The past winter has
been an exceedingly strenuous one
for Mr. Taft and it is small wonder
that of late he has appeared fatigued
and worn out at times. During the
past few weeks he has been absent
from Washington several times to at-
tend banquets and meetings in out-
side cities. The trips were made with
the minimum loss of time and conse-
quently left the President little time
for rest or recreation.

The schedule of the President's pub-
lic engagements for the next three
months shows that he will be kept
busy until the arrival of warm weather.
Week after next he is to go to
Chicago in response to an invitation
to speak at the St. Patrick's day ban-
quet of the Irish Fellowship Club of
that city. The program prepared for
the day is sufficient to show the strain
imposed upon the President on such
occasions. He is scheduled to arrive
in Chicago at 8 o'clock in the morn-
ing and will be escorted by a recep-
tion committee to the La Salle Hotel,
where he will listen to the informal
address of welcome. At 11 o'clock
he will visit the Newspaper Club, and
at 12:30 o'clock he will be entertain-
ed at luncheon by the local commit-
tee. At 2 o'clock in the afternoon
he will make an address in the Audito-
rium to a conservation convention
and at 4 o'clock he will attend a recep-
tion at the Hamilton Club. An hour
later he will receive the mem-
bers of the Fellowship Club, and at 6
o'clock he will deliver his address,
so that he may leave Chicago at 10:30
p. m. After an all-night ride he will
arrive in Rochester in time to speak
at a dinner of the chamber of com-
merce in that city. Thence he will
hurry on to Albany, where he will
also make an address. From Albany
he will go to New Haven to attend a
meeting of the Yale Corporation, and
the next day will find him in the
audience to speak at a banquet of the
New England Manufacturing Jewel-
lers.

During the month of April the Presi-
dent is scheduled to attend public
functions in Washington two or three
times a week. He will address the
National Woman's suffrage associa-
tion convention at the dedi-
cation of the new library building
of American Book and also at the
dedication of the new library build-
ing at Howard University. The first
of May will find him again on his way
West to all engagements to speak in
one or two other places. A few days
after his return to the capital he will
take a hurried trip to New York to
open the Actors' Fund Fair in that
city.

Men close to the President say that
he is not in bad health in any way
and is physically sound and robust,
but at the same time they think he
has been overtaxing himself and have
not hesitated to advise him to shorten
his hours of labor when at home, and
to make fewer trips away from the
city or give more time to them.

DIVORCE CASE: The suit of Mrs. Barbara Schultz for a divorce from Paul Schultz of this city was heard before Judge Grimm in circuit court this morning and a decree of divorce was granted to the defendant in an adoption suit. Mrs. Schultz filed charges of adultery against the defendant and Mr. Schultz made a counter-charge of ad- ultery.

MURDERESS WILL RESIST DIVORCE

MRS. RAE M. KRAUSS TO LEAVE
INDIANA PRISON.

[SPECIAL TO THE GAZETTE.]

Of Murder of Step-Daughter to Which
She Confessed—Husband Will Be
Charged With Crime.
Marion, Ind., March 4.—Interest in
one of the most sensational crimes
ever perpetrated in this section of
Indiana will be revived next week
when the divorce suit of William K.
Krauss against Mrs. Rae M. Krauss
will come up for trial in the Grant
superior court. Mrs. Krauss, who is
serving a life term in the woman's
prison at Indianapolis for the alleged
murder of her step-daughter, will be
permitted to come here to defend the
suit brought against her by her hus-
band. According to the statements of
her attorneys the convicted murderess
intends not only to defend the suit
brought against her, but will press a
counter suit for divorce and will more-
over endeavor to show that her hus-
band was guilty of the murder of
which she was convicted and senten-
ced to prison for life.

Crystal Krauss, the beautiful and
accomplished daughter of William K.
Krauss, died of strychnine poisoning at
the family home in Hartford City on
August 2, 1904. It was at first sup-
posed that she had committed suicide
because of a love affair. Soon, how-
ever, suspicion was directed toward
the girl's stepmother, whom Krauss
had married less than two months be-
fore the death of his daughter. Mrs.
Krauss was arrested two days after
the death of the girl. She stoutly de-
clared her innocence, but circum-
stantial evidence piled up against her,
and on September 25 of the same
year the woman made a written con-
fession. It was not until October 17
that the confession was made public,
and Mrs. Krauss was immediately sen-
tenced to life imprisonment.

When William K. Krauss married
his second wife a marriage agreement
was made whereby she was to receive
\$2,000 from her husband's estate in
the event of his death. This was to
be her full share and it was generally
believed the woman killed her step-
daughter in order to get the entire es-
tate should Krauss die.

When Mrs. Krauss received word
last fall that her husband had institu-
ted suit for divorce she filed a cross-
complaint in which she declared her
innocence of the crime and alleged
that her husband was the real murder-
er. The cross-complaint, which may
result in Krauss being freed for a
degree murder, alleges that after he
murdered his daughter by administer-
ing strychnine she pretended and false
promised Mrs. Krauss was coerced and
induced to make an alleged confession
that she had committed the crime.
The woman further declares that as-
surance was given her that she would
be pardoned at the end of two years,
and that out of love for her husband
she thereupon assumed the blame for
the crime which she now declares he
committed and in which she states she
was only an accessory.

Public opinion in Hartford City is
inclined to discredit the statements
of Mrs. Krauss that her husband mur-
dered his daughter. Counsel for the
dared his daughter. Counsel for the
woman, on the other hand, declare
that the coming divorce trial will
develop facts very favorable to their
client and frankly state that they ex-
pect to be able to prove that Krauss
was the principal in the crime of mur-
dering his own daughter.

Tomorrow—Exhibitors Number
Four Hundred.

[SPECIAL TO THE GAZETTE.]

Boston, March 4.—Automobile manu-
facturers, dealers, agents and prospec-
tive buyers are arriving in the city
in large numbers in anticipation of the
opening tomorrow of the eighth an-
nual show of the Boston Automobile
dealers' association. Every available
foot of space in the Mechanics Build-
ing has been selected for the most successful
exhibition of the kind ever held in this
section of the country. In all, there
will be approximately four hundred ex-
hibitors, which is the largest on record.
Both domestic and imported cars will
be exhibited, and one of the most com-
plete lines of accessories yet assem-
bled will be seen. There will also
be displayed a very complete line of
motorcycles. The decorations of the
exhibition hall, said to be the most
novel and elaborate ever seen at a
similar affair in this country, were
completed today and everything put
in readiness for the formal opening.
The exhibition will continue through
has been overtaking himself and have
the whole of next week.

CERTAINLY BRUISED UP.

Philadelphia, Pa.—While the list of
deaths due to the riot remains low, the
men who have been injured and look
as though they had been through a
prize fight are legion.
The man shown in the picture above
is typical. He has his right arm
broken, his left eye entirely closed,
several scalp wounds, one ear nearly
torn off and three cuts on his face
that will take many months to heal,
and his collar bone broken. He is a
victim of the ungovernable fury of the
mob and was taken from his position
as motorman on the car and dragged
several blocks before rescued by the
police.

Immediate consideration was given
Senator Cummins' amendment to the one
proposed by Senator Smoot.

Senator Smoot's amendment pro-
vides that, "When, in judgment of the
president, war or any other ex-
igency involving the credit of the gov-
ernment so requires, the board of
trustees may withdraw all or any part
of said funds from the banks and in-
vest same in bonds or other securi-
ties of the United States."

Senator Cummins sought to change
the provision so as to make sure of
its application only in the time of war.
Pinchot Matter
Pinchot's cross-examination was re-
sumed by the investigating commit-
tee this morning and there was much
delay caused by the repeated disputes
between Pinchot and Ballinger's at-
torneys. Nothing of a sensational
character developed at the morning
session.

TALK OF CHANGING NAME OF OSHKOSH

Boosters Would Alter Name So That
Joke of City Would Be
Forgotten.

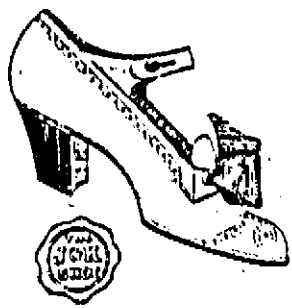

[SPECIAL TO THE GAZETTE.]

Oshkosh, March 4.—There is quite a
sentiment being aroused in Oshkosh
since the "Booster" campaign for
changing the name of the city. This
is especially favorable among the
members of the younger generation,
the older men of Oshkosh being
strongly opposed to it. The claim is
made that Oshkosh is taken as a joke
in the east and is the subject of jokes
on the stage and in songs and gives
the impression to those who know
nothing about the city that it is a
"joke" town, consequently, the idea of
changing the name to one more seri-
ous, sedate and less humorous.

NEW GLARUS MAN KILLED HIMSELF LAST YESTERDAY

POOR ROADS DELAY TOBACCO SHIPPING

Little Delivery During Past Few Days of the Old Crops—Some Shipments Made.

Tobacco buyers have been having a strenuous time the past few days receiving deliveries of tobacco owing to the bad condition of the roads throughout the country. There have been some shipments and the majority of the houses in the different tobacco centers are now running full force and will for some months to come. According to the Edgerton Reporter, with the indications of approaching spring there is an apparent disposition to revive the buying movement, as the growers seem more willing to let go of their holdings at prevailing prices. More riding is being done in the country districts and recent sales have yielded quite a large portion from the usual remnants of the crop. Except for an occasional choice lot prices are lower than the general average of earlier sales. We learn of one buyer who lifted over 100 acres in lower Dane county the past week. The following are sample sales:

C. L. Jordan, 100 at 7.25¢.
T. L. Jolly, 90 at 7.25¢.
A. Nordlie, 90 at 7.25¢.

For some unaccountable reason business in old goods has dropped away since the new year, both in the local markets and the eastern centers as well, while production of manufactured goods holds up. With the prospect of the breaking up of the country roads soon, packers are crowding along their receiving as rapidly as possible and warehouse handling will be rushed from this time on at the packing centers.

The shipments out of storage reach 771 cases and 8 carloads of bundles to all points for the week. Shown last report 70 carloads have been received from outside points for warehouse handling here.

**AUCTION SALE AT
OLD STONE FARM**

Personal Property Disposed of Yesterday for \$10,773.35—Transfer of Farm Completed.

At Edgerton this week M. G. Jeffris completed the final transfer of the old Dan Stone farm in the town of Fulton to Mayor Edgerton, James Craig, M. O. Flom, and Holton Bros. for a consideration of \$55,000. The farm comprises about 600 acres on Rock river, five miles from Edgerton, and has been owned and operated by Messrs. Jeffris and Fathers for a number of years. The personal property owned by Peter Anderson, the tenant, was sold yesterday by Auctioneer W. J. Butler and the gross receipts were \$10,773.35. It was a record-breaking auction in many respects. Twenty-five cows were sold in 23½ minutes at prices ranging from \$30 to \$35 and the whole sale was wound up in 1½ hours and seven minutes. Horses bought from \$70 to \$248 and the farming implements were taken at good prices.

EVANSVILLE Y TEAM TO PLAY HERE AGAIN

Cut-Off City Five Will Make Second Attempt to Defeat the Cardinals Tomorrow Evening.

Evansville Y. M. C. A. basketball team which played the Cardinals last evening in the season are again coming to the city for a game with the local team. The Cut-Off City players put up a good game here the last time and felt that if they were a little more familiar with the floor and baskets they could do better and make the Cardinals work for their scores. Tomorrow night at the rink they will again play the Cardinals. Much interest is manifested in the game and although the Boyer City five will undoubtedly be victorious, the score will probably be much closer than before.

Scientific Agriculture Will Be Discussed Tuesday Evening Under Leadership of Supt. H. C. Buell.

Some interesting phases of scientific agriculture will occupy the attention of the Twilight Club next Tuesday evening. Supt. H. C. Buell will lead the discussion and the topic will be considered under three heads as follows:

- I.—THE SOIL—Exhaustion Due to Continued Cultivation of Tobacco and Sugar-Beets.
- 2.—A Viewpoint of a Practical Farmer—Alva Austin.
- 3.—A Defense of Tobacco—Sanford Severin.
- 4.—The Sugar-Beet a Benefit to the Soil—W. W. Wool.

C. J. Kollong of Lake Mills, Wis. The following committee of arrangements for the Ladies' Night entertainment of the club has been appointed by John Cunningham, who was leader at the last session: J. S. Fillett, A. St. Fisher, Dr. H. J. Hart, Dr. M. A. Cunningham, and Dr. John Whitcomb. The date selected will probably be the third Tuesday in April as Judge Ben Lindsey is to lecture here on the second Tuesday of that month.

TWO SPEAKERS AT HIGH SCHOOL THIS MORNING

Principal Parlin of Wausau and Judge Alden of Boston Gave Enjoyable Talks to Scholars.

Pupils of the high school were favored with two especially fine addresses at the morning exercises today. Principal C. C. Parlin of the Wausau schools who is visiting here today talked to the young people on "The Need of a Serious Purpose in Modern American Life." Prof. Parlin is a speaker of ability and his remarks were much enjoyed. The other speaker was Judge Alden of Boston, who

delivered the address at the Methodist church last evening. He spoke of the need of good morals and industry for the achievement of success. His speech was illustrated by a number of clever stories.

FORMER JANESVILLE MAN PASSED AWAY

Frank H. Ruger, Son of Mr. and Mrs. Edward Ruger of This City, Died in Superior.

Mr. and Mrs. Edward Ruger of this city have been informed of the death of their son, Frank H. Ruger, in the Hotel Superior at Superior, Wis. Mr. Ruger's death was brought on by tuberculosis with which he had been ill but a few days. The deceased was forty-three years of age, was educated and spent his early manhood in this city. He acted as court reporter in this city at one time. During the boom days of 1889 and 1890 he moved to Superior and engaged in the real estate business, later branching out into lumber operations and banking work. He was secretary and treasurer of the Rogers-Ruger Land company, director in the Hunt Land company, the Bank of Commerce of Superior, and in the Myrtle Lumber company of Myrtle, Oregon, and chairman of the Trade Committee of the Superior Chamber of Commerce. Mr. Ruger was married in 1899 to Miss Laura Robertson of Birmingham, Alabama. Besides the widow he is survived by a son, Morris, aged seven, and a daughter, Virginia, aged three. The remains will be brought here tomorrow morning and the funeral will be held Saturday afternoon at three from his father's residence, 3002 Mineral Point avenue. The services will be private and the request is made by the family that no flowers be sent. Prof. H. A. Ruger of Colorado Springs, Colo., will arrive on Saturday.

VAN-GUARD OF ARMY OF SAWDUST RING

Forty-three Transients, En Route for Baraboo to Join the Circus, Lodged at Lockup Last Night.

Forty-three breakfastless transients, most of them young men ranging in ages from 18 to 25 years, fled out of the lockup this morning. There wasn't even a crumb for these circus-burglars of a crumb, on route for Baraboo and destined soon to figure in the gorgeous trappings and pageantry which only too often cover with a thin veneer, hunger and the other forty-seven varieties of human misery. This was the first squad to reach Janesville. One of the number who wore a snake-hand hat was much put out that Chief Appleby did not remember him. "Why," said he reproachfully, "I drove one of the eight-horse chariots with Gollmar Bros. in your city." "Well, you must remember that you didn't give any evening performance and I didn't get a chance to see much of you," was the Chief's kindly rejoinder.

FUNERAL OF HENRY SPOHN THIS MORNING

Remains Were Laid to Rest in Mt. Olivet Cemetery—Services at Son's Home.

All that was mortal of the late Henry Spohn was tenderly laid to rest in Mt. Olivet cemetery this morning. Mr. Spohn came to this country in 1851, settling in Janesville and residing on Eastern avenue until his departure for Michigan some twelve years ago. Since his return to Janesville last August he resided with his son, James, on Chestnut street. His death was indeed a shock to his innumerable friends who so highly esteemed him. Despite his seventy-five years of existence he was up to a few weeks ago, hale and hearty. Lately he had complained of severe pains in his back and hips, modified and alleviating his sufferings but little. His relatives had noticed how queerly he acted lately,

but attributed his actions to his ill health. He was a man of cheerful disposition and pleasant countenance, having a good word for all who knew him. On Monday evening he was as happy and cheerful as ever, none indeed suspecting the awful story that was later disclosed.

The pallbearers were: Lawrence Cronin, John Madden, James Mori-dah, Frank Hayden, James Chasday, and Charles Roberts.

GENERAL GOSSIP OF WHOLE STATE

(Continued from page 1).

Crossman S. A. Cook of Neenah as a possible candidate for the United States senate against La Follette. Mr. Cook is building up a formidable organization through the state, particularly among the farming and dairying districts, in whose interest his work in congress and elsewhere is recalled. In view of the fact and the further situation of the democrats of the state carefully organizing for a vigorous campaign for their own party, apprehension of danger is common among the La Follette ranks, and particularly does the leader himself indicate alarm. He intended to make three weeks of devotion to the Wisconsin campaign office, but during the past week his friends have been informed from Washington that the senator is cancelling dates for lectures that were so much needed to supply money for the maintenance of the senator's headquarters. It is also given out that Senator La Follette will hasten from Washington as soon as he can get away from congress, and plunge into an "old fashioned La Follette speaking campaign." The senator in a recent letter to a friend declared he would be able to fill any speaking date that might be made for him in Wisconsin, for he proposed "to arouse the state from the lethargy that is prevailing." Friends of La Follette declare that this is only a measure of precaution, that he is only desirous of overlooking no base, that he wants to help his friends to get the state offices, and that he is not at all afraid as to the outcome of his own fight for reelection to the senate. A good many observers, however, are entertaining strong suspicion that the pompous incumbent is by no means complacent with the situation.

DELIVERED ADDRESS LAST NIGHT ON "THE NEEDS OF THE HOUR"

Judge Alden of Boston Gave Fine Lecture Under Auspices of the Epworth League.

Judge Alden of Boston, well known as a brilliant and forceful orator, spoke last night at the Epworth Memorial Church under the auspices of the Epworth League on a subject which at present is of vital interest to the citizens of this city, "The Needs of the Hour."

Those qualities that make for good citizenship, according to Judge Alden, are those that the people of the United States must cultivate and this cultivation is the need of the hour. Among those people whose bad qualities were condemned by the speaker during the course of his address was the rich New Englander who was highly respected but not highly respectable, who sold drugs in the front of his store and whiskey in the back, in a prohibition town too.

Great and good, as shown by the farmers who water their milk and still believe themselves honest, or showed old Yankee grocer who uses ambush scales, those that lie in weight, were also vigorously assailed. Lack of respect for God was also heartily condemned, for he who falls in that particular has neither respect for himself or his friends.

With regard to what the young man

should look for in the girl whom he wishes to marry, Judge Alden said it is not her position but her disposition that they should look at, not the way that she sweeps into the parlor at 8:30 p. m. but the way she sweeps the kitchen at 8:30 a. m. after the marriage.

"DENIES RAINY'S STATEMENT.

Gen. Crozier States Fourteen-inch Gun Did Not Burst.

Washington, Mar. 4.—The 14-inch gun did not burst at Sandy Hook and there is no chance of the United States being imposed upon by the Bethlehem Steel works by furnishing it with defective ordnance material. Those statements were made by the war department through Gen. Crozier, chief of ordnance, in denial of what Representative Rainey of Illinois stated in the house of representatives. The government maintains an expert ordnance inspector and defective material will not be accepted.

Hawaiian Pineapple

Hawaiian Pineapple is entirely different from other varieties of pineapple, canned or fresh. It is so tender, so exactly ripe, that it cuts with a spoon like a peach. It is never tough and sticky, with the biting uncertain taste of the so-called "fresh" pineapple you slice at home, or of ordinary canned pineapple.

You owe yourself a taste of delicious Hawaiian Pineapple. We have it in two forms: Sliced and Grated. Get some for breakfast and serve with cereals.

Our prices on dozen or case lots are especially attractive, being very much reduced from prices quoted on single cans. Don't forget our excellent teas and coffees.

Chicago and North-Western HEAVY FOG CAUSED SEVERAL ACCIDENTS

Collisions on Both Roads Result from Inability of Engineers to See in Dense Mist.

Dense fog early this morning was the direct cause of two accidents on the North-Western and one on the St. Paul to say nothing of a narrow escape for forty roundhouse employees at the new yards.

Engine 843 on the North-Western, in charge of Engineer Bartley, and used on an equipment train figured prominently in two of the incidents. It struck Thomas Griffin, switchlight-tender, who was pumping to the new yards on his spooler, tossed him from his seat, scattered his belongings all over the right-of-way and damaged his handcar considerably. The accident happened while Engineer Bartley was backing down across the belt line switch about 5:30 this morning and Griffin can congratulate himself on escaping without serious injury.

The same engine a short time later, while backing through the downtown yards, came within an ace of running the tank-car. Machinist Joe Smith, who was standing on the front platform of the shop car, saw the danger and warned the forty occupants of the car in time to allow them to pile out of the windows and doors. Both engines were stopped in time, however, to avert a collision.

About the same time that the other accidents happened Dispatcher Roy Smith, while backing switch-engine 167 from the coal shed to the roundhouse, collided with a big "Zeleker," No. 1479. The shock hurled him to the ground from the cab window, but luckily he escaped with a few bruises. The draw-bar, boom, casting and foot-board of the switch-engine were wrecked.

There was but one accident on the St. Paul this morning and that happened about 6:45, when engines 741 and 168 met with considerable violence on the R. & W. track near the coal shed. The pilot on the 741 was wrecked, while the tank, rear draw-bar and boom on the 168 suffered some damage.

Fireman Peterson is relieving Hackshaw on the switch-engine today with Engineer Yates.

Fireman Fleming made his first trip in the south-end post yesterday, coming up from Chicago with Engineer Hendrickson.

Fireman Grandin had Alwin's place on the d. p. m. switch-engine last night with Engineer Willie.

Engineer Talmadge reported for work on the switch-engine this morning. Engineer Starritt, who relieved him, is on the board.

Fireman Uran reported for work on the board this morning.

Chicago, Milwaukee and St. Paul. Train number 8, from Mineral Point, in charge of Conductor Leaky and Engineer Harrison, was delayed nearly an hour this morning by engine failure at Hanover. The other morning passengers were held up in consequence.

Engineer Smith and Al Hillemeier took the delayed time freight, 661, east this morning with engine 1782.

Switch-engine 1110 is in the house for a new set of tires.

Engineer Schlicker and Fireman Jelliman took 31 out this morning.

BOX SOCIAL WAS A SUCCESSFUL AFFAIR

Party and Entertainment Given by Afton R. N. of A. Was Much Enjoyed.

[SPECIAL TO THE GAZETTE.]

Afton, March 4.—Unqualifiedly successful from every point of view, was the box social given under the auspices of the Royal Neighbors, at Brinkman's hall, last Thursday evening. The attendance was large, the program was well rendered and entertaining, the boxes sold well and their toothsome contents were thoroughly enjoyed at supper time. Mrs. Mabel C. Thorne, oracle of Solid Rock Camp, presided during the evening and J. B. Humphrey of Janesville sold the boxes to the highest bidders. A pleasing portion of the program was the presentation of a short play by the pupils of the school in district No. 2, Rock and Beloit, and much credit is due both the children and the teacher, Miss Sara Bridgeman of Beloit, for the success achieved. Miss Ruth Humphrey of Janesville gave a characteristic reading and was forced to respond to a well merited encore. Miss Emma Brufahl gave a piano selection and Master Casper Hammel and sister, Edna, sang together in their captivating manner. Miss Ethel Soper accompanying them on the piano. Other interesting numbers were given by the pupils from Miss Bridgeman's school, making in all a very satisfactory and pleasing program. And finally, aside from the good time enjoyed by all, the camp funds are \$12 better off than before.

At the semi-annual meeting of the Afton Anti-Horse-Philist association, held last Tuesday evening, one important matter discussed was whether a member in good standing, who moves beyond the seven mile limit of eligibility to membership, as prescribed in the constitution and by-laws, can still retain his membership in the association and continue to enjoy the protection it affords. As a preliminary step in the solution of the matter, upon motion of David Thorne, a committee of three, comprising G. S. Otto, J. A. Gunn and U. G. Walte, was named, to ascertain what laws govern this point in some of the older neighboring societies and report at the regular annual business meeting of the association next September. The names of George Butler, C. J. Danrow, F. H. Juman, T. J. Oakley and Duncan Shipman were presented for membership and all were accepted.

Waggoner Funeral. In the death of David Waggoner, Afton loses one of its oldest and best known residents, he having lived in this vicinity for the last sixty years. Unassuming and quiet in his way, the deceased was highly respected by those who knew him and he will be missed in the community, where he was a familiar figure for so long. The funeral services were held at the Baptist church at 10 o'clock this morning, conducted by the pastor, Rev. F. C. Codd. The song service was rendered by Mrs. W. R. Kille and Miss Hazel Palmer of Janesville, with Mrs. U. G. Walte as organist. The four grandsons of the deceased, Gilbert, Irving, Ray and Hugh Waggoner, acted as pallbearers, and the interment was in the Afton cemetery.

The subject of having street lamps for Afton is being agitated and it is hoped that something of a definite nature may result.

A large congregation heard a good sermon at the Baptist church last Sunday evening when Pastor Codd laid the foundation for a series of sermons on "Religion," supplemented by a short talk on the life of Christ, illustrated with stereopticon views. Next Sunday evening the subject will be "The Christian Religion and Others," and all are invited.

Mr. and Mrs. A. W. Hansche have moved from the former W. J. Miller home here to the old Watson Turner farm, in the town of Beloit, and J. W. Clark and family now occupy the place vacated by Mr. Hansche. Mr. Clark having purchased the farm.

Mr. and Mrs. Frank Merclor are now residents of Afton, having moved from their home, purchased from U. G. Walte, last Saturday.

If Pastor Codd, in his discourse at the Baptist church next Sunday morning, has much to say about "girls," his congregation will understand that is because of the new daughter who arrived at his home last Wednesday morning. Both mother and babe are doing nicely.

George W. Robb and family are once more residents of the village, having moved back from the Janesville farm to their old home here this week.

Mr. and Mrs. Fred Kethelohm were in Beloit last Thursday afternoon to see Mr. Kethelohm's uncle, who is on the sick list.

Charles F. Walte has accepted a position in the inspection department of the Warner Instrument company at Beloit.

Arthur Woodstock transacted business in Stoughton today.

Messrs. H. P. and G. A. Crossman of Janesville attended the funeral of the late David Waggoner here this morning.

TOM VARG PAID FINE OF \$75 AND COSTS

Greek Confectioner Severely Punished for Selling Obscene Pictures to Children.

In municipal court this afternoon Tom Varg, the Greek who runs the little confectionery stand near the Y. M. C. A. building and who was arrested on the charge of selling obscene pictures, pleaded his plea of "not guilty" to "guilty" and Judge Field levied a fine of \$75 and costs amounting to \$26.37. Thanks to the timely assistance of friends and relatives the fine and costs were promptly paid.

THEATRE

Mr. Thomas Whiffen will be seen at the Myers theatre this evening in the new Jos. M. Gaites' production, "Three Twins," which may safely be called the comic opera success of the season. The piece was written by Charles Dickson, Otto Hammerback and Carl Hoschma, and a more entertaining and interesting comic opera has never been booked for this city. Mr. Whiffen is given great opportunity to display his peculiarly droll style of humor and his success has been unlimited. Mr. Gaites mounted the play elaborately, the cast is composed of many well known players and the chorus is pretty and vivacious, with the dancing sunbeams, the fairy phantoms, and the remnants of all dancing choruses, "The Yama Yama Girls," staged by Gus Schilke.

MILTON.

Milton, March 4.—Henry Garlock of Clark Lake, Iowa, who left Milton forty years ago, is visiting at J. L. Stewart's.

Charles Dunn, who has been dangerously ill with grippe and complications, is improving.

L. H. Brown and wife of Chicago were here Wednesday to attend the funeral of their step-father, the late S. S. Thomas.

Mrs. M. C. Richardson of Lake Geneva, and A. H. Clarke of Edgerton visited at Mr. Richardson's on Wednesday.

The King's Daughters meet with Mrs. G. R. Ross on Monday evening.

Don't forget the Iduna Lyceum Hippodrome. It's going to be great all right, all right.

Mrs. Leon D. Platts of Chicago spent Wednesday and Thursday with Milton relatives.

Two ladies in my office the other day were talking and comparing notes.

One said, "I shook like a leaf when I sat down in the Dental chair, but after Dr. Richards had extracted one tooth and I found that it really did not hurt, I said go ahead and take the others out, I could have sat there till tomorrow."

"That's so," said the second lady. "I felt the same way, but to my surprise the pain was simply nothing." These expressions are full of suggestion, in view of the fact that these same people tell me that their former Dental experiences are simply a nightmare when they think of them. I feel that I am well within the truth when I tell you that my present method simply annihilates the pain of extracting teeth.

JANESVILLE ON NEW AIR-LINE?

DIRECT ROUTE FROM KANSAS CITY TO MILWAUKEE.

PLANNED BY ST. PAUL ROAD

According to Reports From Dubuque—It Means Larger Yards Here or at Some Point Near By.

According to advices from Dubuque, Ia., the Chicago, Milwaukee & Saint Paul Ry. Co. is preparing to loop the 22 mile gap to Shullsburg for an air-line from Kansas City to Milwaukee. A new \$800,000 bridge across the Mississippi is said to be one of the improvements contemplated in the plans. This means that the traffic through Janesville, which already includes the Pigeon Sound business, is to be largely increased and the importance of this city as a railroad center materially widened.

It also means that either here or nearby larger yards will have to be established. There is a rumor that negotiations with the owners of some of the only available land here for such purposes were quietly started some time ago but that terms satisfactory to the present possessor have not been reached. There is another rumor that the railroad is prepared to establish the yards elsewhere, in case a fair proposition is not obtainable here, and that it may be necessary to call a mass meeting of citizens to do something about the matter. Some idea of the importance of bearing these considerations may have on Janesville's best interests may be gained from a statement that thirty-two crews of five men each, were laid over here yesterday.

HEADS GOOD TRUST FOR SWEETCHARITY

JOHN D. ROCKEFELLER, JR., TO
GIVE LIFE TO PHILAN-
THROPY.

CARRY OUT FATHER'S WISHES

Leaves Directory of Standard and of
Steel Corporation to Become Head of
Proposed Foundation, and De-
vote His Time to His Management.

New York, Mar. 4.—John D. Rockefeller, Jr., is to be the director general of the immense philanthropic scheme launched by his father—the Rockefeller Foundation—the groundwork for which was laid when Senator Gallinger introduced in the senate on Tuesday a bill providing for its establishment.

The announcement that the young man had resigned from the directorate of the Standard Oil Company, in which his father has more than \$300,000,000 and from the board of the steel trust, the greatest corporation on earth, comes at the same time that the news of the intended national incorporation of the enormous charitable projects of the elder Rockefeller is given out.

Will Manage Foundation.
Now, it is admitted, that the young man will devote his future to the management of the Rockefeller foundation, which promises to be the greatest charitable undertaking the world has ever known—for this organization will have the distribution of more than \$300,000,000 and the millions of income from this great fortune.

Charity May Get \$500,000,000.
It is impossible to tell how much money the new manager of the great charity will give away. That depends on how long the great fortune is held intact. He could give away \$200,000,000 in 20 years from the interest alone if he and his father decided that way. But if the young man—now only 33 years old—lives to the age of his father it is safe to say that if the whole fortune is distributed by the time of his death no less than \$500,000,000 will have been turned into philanthropic projects.

The Rockefeller foundation, according to a close associate of Mr. Rockefeller, is to receive the bulk of his fortune, either while he is yet living or by his will after death. The scheme of the charitable dispositions of his millions has occupied Mr. Rockefeller for a number of years. His great gifts to churches, educational and scientific institutions have in no wise kept up with the rapid growth of his fortune.

ANOTHER PIONEER SETTLER SUMMONED

Mrs. John Lyke, whose husband died a Month Ago, Passed Away Last Evening.

Mrs. Catherine Lyke, widow of the late John J. Lyke, and a pioneer resident of Rock county, passed away at her home, 526 South Main street, last evening at seven o'clock. Her demise resulted from an attack of la grippe and gastritis. Catherine Ann England was born in Montgomery county, New York, April 29, 1828. In 1850 she, with her husband, came to Wisconsin, settling in the town of Beloit. A few years later, they moved to a farm in La Prairie, where they lived until twenty-three years ago, when they came to Janesville and took up their residence in the home on South Main street. Mr. Lyke preceded Mrs. Lyke in death a little over a month ago, his death occurring on the first of February. Four children are left to mourn her loss. They are: Miss Mary Lyke of this city; Mrs. Will Road of La Prairie; Mrs. Webb Huganin of the town of Rock and Clark Lyke of Mendon, Nebraska.

Funeral services will be held from the home, 526 South Main street, Sunday afternoon at three o'clock.

FRANKLIN BOWERS SAID TO BE RESTING EASILY TODAY

Man Injured When Heavy Weight of Ice Fell on His Chest Rapidly Recovering.

Franklin Bowers, who was injured Wednesday when a large box of crushed ice which he was placing in an ice box fell upon his chest, is reported to be resting easily today and a speedy recovery is anticipated. It was first thought that his injuries were serious and Dr. Fifeid was called after he had been taken to his room at 420 Chatham street, but it later developed that, although Bowers had been painfully bruised, no ribs had been broken nor had he been injured internally.

TEMPERANCE SPEAKER WAS DELAIED BY TRAIN AND COULD NOT GIVE ADDRESS

Rev. G. W. Young of Louisville Unable to Address No-Licenses Meeting at Beloit.

[Special to this Gazette.] Beloit, Wis., March 4.—Owing to an accident to his train at Burlington last evening the Rev. G. W. Young of Louisville, Ky., who was to speak for the anti-saloon league was unable to reach the city in time for the meeting. The Rev. Mr. Young stated in an interview that he finds a great interest over the movement of the state of Wisconsin, where he had been speaking. With Wisconsin's reputation for sympathy with saloon he did not look for any such expressions from the men and women of the state as he has met. He says that the anti-saloon sentiment is growing and getting a strong foothold everywhere.

Miss Katherine Fallon, who has for a long time been connected with the office of the Hotel Hilton, was married yesterday to Alphonse Tullison of New Orleans, La. The ceremony took place at the Nelson House in Rockford. The couple will live at New Orleans.

Mr. and Mrs. Harry Vale will soon move to Kenosha, the former home of the latter. Mrs. Vale is the recipient of a fortune by the death of her grandfather, Mr. Simmons, the mill-hardware manufacturer of that city.

The college board of control has decided that hereafter no doctors' bills shall be paid to athletes, excepting where injuries are incurred in inter-collegiate games. The bills for mending up those hurt in the practice and scrub games which the athletic association has borne in the past are of such proportion that a hurt has been called.

STREET ASSESSMENT COMMITTEE LISTENED TO THE OBJECTIONS

Of Owners of Property on Sinclair and Other Streets to Apportionment of Improvement Taxes.

The street assessment committee met at the city hall this afternoon to listen to any objections which might be made by the owners of property on Sinclair, Jackson, South Second, and South Third streets in the apportionment of benefits and damages accruing from the projected improvement of those thoroughfares. Frank H. Jackman was the single citizen to put in an appearance. He took exception to the assessment of some lots located in a gully on the same basis as the more valuable adjoining property.

OBITUARY.

David Waggoner

The funeral of David Waggoner was held this morning at ten o'clock from the Baptist church at Afton, Rev. Codd officiating. Mrs. W. J. Walte presided and Mrs. Josie Kilmer and Miss Palmer assisted in the song service. The pallbearers, all grandsons, were: G. J. Waggoner, I. J. Waggoner, A. R. Waggoner, and H. O. Waggoner, interment in the Afton cemetery.

Mrs. Patrick Ryan

Mrs. Patrick Ryan died at the home of her daughter, Mrs. M. McGovern, 327 South Academy street, at 9:45 this morning. Her husband, Patrick Ryan, died last October. She was an old resident of Magnolia, having lived there for 40 years, but since the death of her husband she had made her home in Janesville with her daughter. She leaves two sons and two daughters—John Ryan of Footville, Patrick Ryan of Magnolia, Mrs. M. McGovern of this city and Mrs. Wm. Kennedy of Footville. The funeral will be at 3 p. m. Monday at St. Patrick's church. The remains will then be taken to Albany on the 10:30 train.

Jesus the Healer, Matt. viii:2-17.

Golden Text—Himself took our in-

firmities and bare our sickness.

Matt. viii:17.

Verses 2-4—What is the nature of

the disease of leprosy?

How many points of resemblance

are there between leprosy and sin?

How were leprosy treated in those

days?

How had this leper probably learned

that Jesus had power to heal him?

Did Jesus desire that this leper

should never tell who had healed him,

or that he should tell the priest first,

and thus get his cure officially recog-

nized before telling any other person?

If God will he can do anything,

but to how many of our requests may

we be certain that he will say "I will?"

What prompted Jesus to grant the

request and to heal this leper?

Verses 5-7—What was the position of

a centurion, and if he had been some

obscure person, would Jesus have

treated him just as courteously?

Verses 8-9—What benefit is it to us,

today, to bring our sick ones to Jesus?

So far as the records show, Jesus

while in the flesh, healed all the sick

ones that were brought to him, is that

sufficient to prove that he will do the

same today?

Verses 10-11—From the commenda-

tion which Jesus afterwards gave him,

was not this man more worthy than

he thought?

What are the relative moral values

of thinking too much, or thinking too

little of ourselves?

Why should not a man be blamable,

for folly if not for sin, for having an

estimate of himself, whether for or

against, other than the facts warrant?

What was the ground for this man's

sublime faith, and is such faith possi-

ble, for all of us, when we pray for

specific things?

What is the force of the centurion's

analogy between obedience rendered

him as a general, and the instant obedi-

ence of the laws of nature to the com-

mands of Jesus "Speak the word

only?"

Verses 12-13—What reason is there to

believe, that in every nation, and un-

der every form of error and super-

stition, men are found who fear God,

and that all who do fear him are ac-

cepted of him?

Verses 14-15—When it comes to a

matter of personal salvation, what ad-

vantage did the Jew have over the

Gentile, and what advantage has a

man from a Christian family over one

from the family of an infidel?

What is the reason for the belief

that many heathen will be saved in that

day, and many church members shut

out in the darkness?

Verses 16-17—Have you any reason to

believe that this man's faith and its

results, are other than typical of

cases that are constantly happening?

Verses 18-19—Does God do-day pur-

pose to cure our sick miraculously,

like these cases, or are these excep-

tional and for a special purpose?

ed in writing by members of the club.)

GENERAL SPRING MENTION

J.M. BOSTWICK & SONS.

New Things To Think About

The new things for Spring are in evidence everywhere here. Women's Hose, Gloves, Neckwear, Underwear and Waists will prove exceedingly interesting. The new season's Silks, Dress Goods and Wash fabrics are wonderfully attractive, likewise the linens and the white goods. Nothing is missing that should be here. New conceits in Embroideries, Laces, Handkerchiefs and Belts are appropriately displayed and there is a general appearance of newness and freshness throughout. The whole store greets you.

J.M. BOSTWICK & SONS.

Wearing Apparel

When March begins our thoughts naturally turn toward spring and likewise people are thinking of the new spring styles. The large demand for women's WEARING APPAREL will not set in for a few weeks yet. However, The Big Store is fully prepared to meet the demands of an army of buyers. Now, today, this very minute we are showing the most complete assortment of WEARING APPAREL for women and children of any house in Southern Wisconsin. We have been quiet about Ready-to-Wear garments because we could not show them properly owing to our installing new fixtures in the department.

TO THE SOUTH STORE—We have temporarily moved our ready-to-wear garments to the South Store and are now in a position to show them to fair advantage.

In dollars and cents we have probably received from \$10,000 to \$12,000 worth of the new spring garments, all of which have been selected with the utmost care and every garment is carefully examined upon arrival. We choose our wearing apparel from the lines of some of the strongest manufacturers in the country who sell us exclusively in Janesville.

We are well equipped in the alteration department to get all garments out promptly.

The New Spring Suits

We have a most beautiful showing of the new Spring Suits. The navy and the new soft shades of blue promise to be very good. Our assortment includes complete showings in blues, tans, roses, rose shades, many grays, and black and white. We have secured some of the most beautiful Shepherd check suits in New York. These are not the ordinary, but beautiful.

fully trimmed striding suits with touches of color and novel arrangements of band trimmings which mark them as distinctly different and desirable. The styles are the short jackets, the 3/4 length jackets and the Russian blouse styles, with plaited skirts and novelty patterns.

THE NEW SPRING COATS

Fashion says that coats are going to be the vogue for spring and we are showing an almost endless variety of the handsome new styles. The colors are practically the same as in the suits. The coats are semi-fitting with waist line rather high, the blouse style coats with shirred skirts. Wide weave materials, diagonal weave serges and rough weave mixtures are the popular materials. The sizes are complete in all numbers. We can fit the large woman as well as the very smallest.

CHILDREN'S COATS

We are not in as good shape as we will be to show them, but we have a full line of the latest novelties in children's garments for the early buyers.

Stylish Raincoats, Novelty Rain Capes

We are showing a beautiful line of the handsome new Rain Capes, the "Best Yet". They come in rubberized silk in reds, tan blues and browns, also in the heavy Priestly Cloth, in the Military shades, of dull drab gray, soft tans, and tan shades with red trimmings, all have brass buttons. They are adapted for rainy weather, motoring or driving and even for every day street wear. **\$10.00 to \$25.00.**

Modish rain coats of Morie, in new shades of gray, browns and blues.

Priestly Cravenet coats in tans, etc., and exquisite showing, within the price range of **\$8.00 to \$25.00.**

Corset Demonstration Week of March 7-14

All next week we will have with us Miss McDowell, an expert Corsetiere direct from the manufacturers who will give free fittings and will demonstrate all the new models for the coming season. The three following lines will be demonstrated: Royal Worcester, Bon Ton and Adjusto Corsets.

In this connection we wish to announce that we have engaged Miss Stewart, who also is an expert corsetiere, to take charge of the corset department permanently. Miss Stewart has had about 10 years' experience in corset departments in other cities and comes to us highly recommended.

RARE NEW SILKS

This is to be a season of Silks, and some of the newer materials are going to be distinctly popular. The Foulards, the Shantung and rough weave silks are already being called for.

We introduce this season the LUSTORAH PONGEE, a beautiful soft finish silk of rough weave, fine high lustre, firmly woven and of exceptionally good wearing quality. 27 inches wide, in the new spring shades, per yard **\$1.15.**

20-inch Flowered Foulards in the newest spring patterns and shades, both darks and lights, per yard **50c.**

27-inch Messalines in beautiful new spring shades, **\$1.00.**

New showings in striped and figured Messalines, 20-inch Shantung Silks, **\$1.00.**

25-inch Shepherd Check Silk Taffeta, **\$1.00.**

PRETTY NEW TAILORED WAISTS

We carry three of the best lines made—the Mendels Waist, the Foster Waist, and the Standard Waist. These lines can be depended upon for correct styles and thoroughness of workmanship.

A new feature of our spring displays is the new white Tailored Waists with embroidered fronts, shown in a wide range of styles and qualities, **\$2.50, \$3.50, \$4.00 and \$5.00.**

We are also showing some exceptionally handsome Tailored Waists of white figured mercerized goods with tucked fronts, at **\$2.00, \$2.25, \$2.50 and \$3.00.**

New spring models in Linen Tailored Waists made with combinations of large and small tucks, at **\$2.00 to \$4.00.**

Colored Tailored Waists of percales, ginghams and madras cloth are exceptionally good. We show many handsome styles at **\$1.00 and \$2.00.**

NEW CONCEITS IN NECKWEAR

Our comprehensive Neckwear stock offers a variety of styles hard to equal. We have selected from many lines and have chosen only the best numbers. Descriptions are impossible, but it's safe to say that the beauty and the novelty of these handsome creations will prove a surprise to every lady who sees them. We mention a few numbers.

Wide band trimmings in white and ecru 6 to 7 inches wide, a great variety in all prices up to **\$6.50** per yd.

Galloons for waist trimmings are good for spring and we are prepared to satisfy every patron. We have an exceptionally large stock including some of the handsome novelties and most every shape.

LACE YOKES for waists and dresses to be used with other materials. They come in fine linens and lawns priced **50c to \$3.00.**

Dainty Handkerchiefs

From our large stock we choose three good numbers worthy of special mention.

Ladies initialed handkerchiefs of sheer muslin with novelty corded hem **5c.**

Barred and plain linen handkerchiefs with embroidered initial, fine all linen, an exceptional value, sold in lots of six for **60c.**

Lace edge handkerchiefs, all sheer linen, a regular 25c quality which we offer as an especially good value at **19c.**

Effective Ribbon Display

When spring comes everybody wants new crisp silk ribbons and nowhere will such large and varied assortments be found as at The Big Store. More is fashion's decree for spring and we have prepared in advance with an unequalled showing of moire ribbons at **25c to 50c yd.**

A rare value is offered in our 6 inch taffeta ribbon at **25c a yd.** in white pink, red and several shades of blue.

Shepherd Check Taffeta ribbons, a good stiff firm ribbon with a high lustre, 5 inches wide at **25c yd.**

Among the showings are many Persian and floral designs as well as the plain colors in all shades and in all widths up to 12 inches.

Dorothy Dainty ribbons for children.

Spring Gloves Are Ready

In a wide range of colors and shapes.

The Big Store glove department is noted for the excellence of the gloves sold and the large stock offering a choice of sizes, colors and styles that nowhere else in Southern Wisconsin is equaled.

Chamoisette Gloves. This new spring glove is all

sizes, two clasp styles. Two qualities at **50c and 25c.**

Real Chamois Gloves **\$1.50.** Fine quality of skins, Paris point backs, two clasp.

English Walking Glove **\$1.00 and \$1.50.** This popular kid glove is very much in demand. Made without seam stitch, Paris point back, one clasp.

Showings are now complete in the Fabric gloves. Agents for the famous Kayser gloves of which we show a most complete line.

Distinctive Spring Hosiery

This department lends itself readily to the spring displays, and women will find designs and colors to match any dress or costume.

Rare values are offered in black silk embroidered hose, at **\$2.50 and \$2.00.**

We show an exceptional line of Silk Hose in all colors and shades, at **\$15.00.**

Also at **\$1.35 and \$1.25.**

SEE OUR GREAT DRESS GOODS DISPLAY

Silken Poplin

This is a fabric that is now in great demand as it is an ideal fabric for the gowns in vogue. It is soft and clinging and looks like an all silk material; it has an all pure silk surface, with linen warp to insure good wearing quality. Is especially adapted for party and evening gowns, and will make also exquisite dresses for street wear as it drapes beautifully. A nice range of the newest colors—Copper, Bluet, Beige, Copenhagen, Smoke Grey, Navy and Black. Full 40 in wide, our price... **\$1.50** Ask especially to see this cloth.

Mohair Brilliantine

Will give long wear and shed dust readily. These colors to select from: Pearl, Grey, Brown, Navy, Dark Green, and Black, 42 inches wide, our price... **50c**

Tussah Royal

This imported cloth is an absolutely new departure in the world of dress materials, is brilliant in appearance yet beautifully supple. Is made from the finest worsted and mohair that can be had; will make excellent dresses. Comes in Dark Bronze, Green and Navy. 42 in. **\$1.50**, and in Black 42 in. wide **\$1.25 and \$2.00** per yard.

Shepherd Checks

These are to be good this season. They are woven from hard twisted wool yarns, a firm, evenly woven twilled cloth; will make most stylish dresses. Come in small, medium and large checks. 39 to 40 in. wide, **50c**, 56 in. wide **\$1.00** per yard.

If you are looking for a cloth that will make you a nice dress and look stylish, the following shepherd checks are excellent values and large sellers for us on account of their width, which offer special advantages in cutting. Come in just the medium patterns. 45 inches wide **50c** per yard; 56 in. wide **65c.**

Bedford Cord

Here we offer you a reliable and attractive fabric, it is woven throughout with pure wool, has fine cords woven the long way of the goods one-eighth of an inch apart, medium weight. Comes in these colors only: Stone Green, Navy and Rose. 42 inches wide, our price, per yard... **\$1.50**

Comes in these very pretty colors: Mahogany, Atlantic, Tan, Light Lavender, Grey, Navy and Black. 42 in. wide, our price, per yard... **\$1.00**

French Serge

All we need say about this beautiful serge is that we are offering it at this extremely low price quoted below. 60c to 65c is the price charged in most cities today for the same fabric. It is made from the finest merino wool. There is no serge that we know of to equal it at the price. Comes in this large and extensive range of colors: Copenhagen, Navy, Bright Navy, Cardinal, Brown, Reseda, Myrtle Green, and Black, 36 inches wide. Our price, per yard... **55c**

Worsted Plaids

They will make the most becoming and durable school dresses. There is a fine grade of cotton carded in the warp to insure better wearing qualities. Comes in pretty Scotch plaid, blue and green, and French plaid effects. 39 to 40 in. wide, per yd... **50c**

FOR CATARRH

Medicine Free in Every Case Where It Fails to Relieve

Neglect or pessimism, we believe, is the greatest enemy the public has to contend with when applied to the loss or recovery of health. Practically every case of consumption might have been cured if hope had been maintained and proper treatment had been resorted to at the first symptoms of the disease. Until the advanced stage is reached consumption is curable. Catarrh is responsible we believe, for many cases of consumption. It is about catarrh we want to talk to you today. Incidentally consumption, since the two are so closely allied.

We have a medicine made from a prescription of one of the most successful catarrh specialists known. We believe it is positively without an equal. We are so satisfied that we are right, that we will supply the medicine free in every instance where it is used according to directions for a reasonable length of time, should it fail to give satisfaction in every particular. We want every one to try this medicine at our risk. There are no conditions attached to our offer. We put the issue under no obligation to us whatever.

The medicine we want you to try is **Rexall Muc-Tone**. It is a catarrh remedy that goes direct to the seat of trouble. It is carried by the blood to every part of the system. It purifies and enriches the blood, tones up the mucous cells, and brings about a condition of health and strength that tends to prevent the germs of consumption from getting a start. Besides this, **Rexall Muc-Tone** is a wonderful appetizer, digestive aid and flesh builder. Its good effects are often felt from the very first dose. It is one of the largest and most satisfactory selling medicines that we have ever had anything to do with.

We know so much of the great good that it has done that we personally back it up with our reputation and money, which fact should be ample guarantee to satisfy anybody. **Rexall Muc-Tone** comes in two sizes, 50 cents and \$1.00. We urge you to try it. Remember you can obtain **Rexall Remedies** in Janesville only at our store—**The Rexall Store**, The Smith Drug Co.

WOMAN'S PAGE

The Evening Chit-Chat

by RUTH CAMERON

"NEVER worry over your ability to do your work unless you want to seriously diminish that ability."

That's the advice a big business man gave me the other day. "Six months ago," he went on, "I thought I had a stenographer that would last for years. She was neat and grammatical. She was accurate and quick to understand, and eager to learn. In fact, she was all around fine. That was when I first had her. And then I gave her a good deal of responsibility and she took to worrying. Couldn't drop a thing when she had finished it but kept going over it in her mind. Was scared to death she would make a mistake and when she did was so flustered that she made three more. In the end she got so 'up in the air' and made so many mistakes that I simply had to let her go."

"I've got a girl now that doesn't care and doesn't worry. She isn't half so smart or interested in the business as the first girl, but she doesn't spoil her ability by worrying as to whether she's got any."

"I've decided there's such a thing as being too anxious to do well."

That strikes me as pretty good philosophy. I don't believe it ever pays to get into a the-world-will-be-astonished-if-I-don't-do-this-right state of mind.

"I'm going to do as well as I can and trust that will be all right," is a much more satisfactory attitude to take towards your work.

Mistakes are inevitable. The wisest men make them occasionally. But the wisest men don't add to the harm they do by allowing them to shake their nerve.

Or, if they do, they lose their right to the title. Nothing saps a man's energy more than fear. And fear of himself and the mistakes he may make, is just as bad as any other kind—worse I guess, because he can't ever barricade himself from that kind and get a respite from it.

Crying over milk that may be spilt—as these foolish worriers do—is the very thing that will dim your eyes and make you stumble and do just what you dreaded.

The man who doesn't "give a hoot" how he does his work, and the man who thinks the world will come to an end if he makes a mistake, are neither of them likely to reach the top of the ladder.

So why be either?

TWO PRINCIPAL WITNESSES IN THE VAUGHN CASE.

THE NEW DEEP GIRDLE EFFECTS.

The new deep girdle is the latest from Paris and is perhaps the forerunner of the decline of the much-loved princess gown. This innovation however gives the effect of the one-piece gown and is even found upon the princess gown itself. It extends far up on the bodice and sometimes is so fashioned as to seem a part of it. The style that dips down in front is called the Havanian point or plede of Venus and recalls the pointed basque of long ago.

LENTEN THOUGHTS.

BY MARY RUSSELL.

It is not a bad thing for the world to take a breathing space once every year, if only to count the blessings.

True, to many, Lent in its churchly sense, is only a word, but when there are so many good people observing its fasts and prayers it is a thing to be reckoned with for good to all, even those who have no church affiliations.

If thoughts are things, then surely the concentration on higher thought of those

to whom Lent is a time of prayer and sacrifice will work for the good of all.

The thought that Lent is the only time in which to make sacrifice for others is not good, however. No sacred sanctions that, and the man who tries to make a clearing house of the church at this time of the year is a failure as a citizen and a man. The time for the good deed is now. The place is here. This is a thought for every day in the year. It never grows old, and never is too late, or too early. Now and here, just remember that. Then there will be no objection to making Lent a time of a little greater kindness and sacrifice.

What is sacrifice after all? Is it the going without some particular kind of food, or doing disagreeable duties?

One woman saves all the family stockings and puts them in order during Lent. She says she hates to do that more than anything else in the world, and so she does the work, which is her duty, as a sacrifice. Does she gain anything? I think not.

Another woman, who has little time and less money, goes every two weeks to the home of a woman who has a large family and small means to provide for them, and she takes that poor, tired mother's mending basket in hand and brings order out of the chaos made by many small feet. Isn't her work more Christlike? I think so. She gives of herself to help the over-tired friend.

I know a man who never gives a penny to a street beggar, no matter how crippled, nor ever stops to purchase from the sad army of street merchants of pencils and shoestrings. But once a year he gives a large check to the several charities in his town, and so clears up his conscience. Does his soul really grow with such scant food as that? Might he not do a greater kindness by a cheery word and a small purchase of the cold, tired man who offers his wares with such pathos on the street?

Too often our hands are held back by stories of the great wealth accumulated by the street merchant or mendicant. Better help twenty unworthy ones than let the one who really deserves help go without.

And remember—speak the kind word as you buy. Take a friendly interest. Don't let "the gift, without the giver, prove unkind." Write this among your Lenten resolutions.

SENATE HAS TEST VOTE

ON POSTAL BANK BILL

Indicated Majority on Amendment Offered by Cummins Forebodes Passage of Savings Measure.

Washington, Mar. 4.—In all likelihood the senate will today vote on the postal bank savings bill and from one vote taken on an amendment its chances for adoption seems assured.

This was an amendment offered by Mr. Cummins, who said to one had explained the meaning of the words "adequate reserve," and he urged the bill be so framed as to put it out of the power of the board of trustees to fix a rate of interest that might compel a withdrawal of deposits from local banks.

Mr. Cummins' motion striking out the words he had criticized prevailed by a vote of 38 to 31.

The votes on all other pending amendments were postponed, but that the bill will pass the senate there is no doubt.

The feature of the day was a speech by Senator Dolliver of Iowa, who criticized the president for the admission made by him in his Milwaukee speech that the banks had been "hunched" into accepting the present two per cent. bonds, upon which circulation is based and which grow out of the refunding of the debt some ten years ago.

Senator Dolliver showed how remunerative this funding plan was to banks, how they had immediately availed themselves of the favorable terms offered, how they profited to the extent of many millions, but now were endeavoring to make congress believe they had lost money and had been the victims of nefarious practices.

Kindergarten tags and romper suits for the little ones and tennis suits and "Prom" gowns for the school girls will all be spread before you on the pages of this Fashion Edition.

Here you will find ready-made suits as pretty and tasteful as could ever be desired—and many of them cost much less than if you were to have them made at home.

Then, besides these fashion articles of absorbing interest, there will be fascinating stories of how the American manufacturers have not only won supremacy in this country, but have each year pushed further and further abroad until America now sets fashions for almost all the world.

And with these stories will be the announcements of the Janesville Merchants showing the very styles that will soon be in vogue in all the great fashion centers of this country. Be sure and have your newsdealer save a copy of this March 12th issue for you.

HEALTH NOTES.

Sodium Phosphate is a liver stimulant. It increases the flow of bile which is necessary to the proper digestion of food. Bile also stimulates bowel action. A good many forms of indigestion and constipation are promptly relieved by a few doses of Effervescent Sodium Phosphate taken before breakfast each morning. Jaundice or yellow skin, headache, dizziness, sour stomach, and other complaints can be traced to the liver. Stimulate the liver and the trouble is gone. Sodium Phosphate that has always been sold at 50c a bottle for a few days we will sell at 25c a bottle. Get it today. Give it a trial. You will be much pleased.

FOR YOUR HEALTH'S SAKE

BASEMENT TENEMENTS.
Basements should not be used as tenements. Those who live in apartments below the level of the street are much more likely to have disease and sickness than are those who live above ground, where an abundance of fresh air and sunshine can be had for the taking. It is better to live in a top flat, to climb stairs and pay more rent, for by so doing you are certain to save money on doctors' and undertakers' bills.

GIVES DETAILS OF HIS EXPERIENCE IN UNKNOWN WORLD

Zodiac Orion Bowen Adds Information to the Story Published Yesterday.

In last evening's Gazette was published a story, a psychic phenomena relative to the disappearance of P. E. Knight, a young man who once attended the Valentine school here, and his communications with Zodiac Orion Bowen of this city. The claims made by Professor Bowen were not forth in his own manner and this morning he adds additional facts to the story already reported and ask that a correction be made to the reference to his diet.

Apparently, Prof. Bowen believes what he has told the public. In fact he leaves tonight for Marshfield to make further investigations at the home of Knight, as to facts he states he must learn before he can see Knight appear visible to all on the streets. Prof. Bowen says that he and Emma Goldman are neither; that Emma Goldman wants to live, while he wants the supreme role of laws to be recognized all over the earth.

Professor Bowen asks that it be stated that he is not opposed to nor opposing, nor fighting, nor bolting religion, nor society, nor marriage, but is opposing the falsehoods therewith mixed. He opposes the red tape in government, the hypocrisy in religion, the love destroying conditions in our present system of marriage which hides the sanctity.

His communication to the Gazette which appears below, gives additional facts regarding his strange tale as to the disappearance of P. E. Knight and what his investigation, he hopes, will lead him to. Prof. Bowen is too familiar a figure on the streets of Janesville to be described personally, but whatever his past may have been he is a well educated and close student of both the bible and other volumes which deal with the world at large.

Dear Editor Gazette:

Knowing the special endeavors for fairness that has so long convinced me of the sincerity of the Gazette, I gave myself each evening as I always do, in the valuable items of happenings upon which I have learned to rely, to read, in your kindly intention review of my writings, under title of Zodiac Orion Bowen, that I was "strictly vegetarian." Knowing that no disregard was intended towards me, I do not feel any hurt, but since so many people read the Gazette, and as myself, put confidence in its statements, I listen to correct the misstatement last week which I attempted to proceed upon an exclusive vegetable diet.

I wish to state that I do not consider a vegetable diet sufficient for the proper nutrition of any human being, nor do I consider it even a safe diet except in a few cases where every body and every one might recommend them to me.

I have not had a vegetable diet this year, do not find it necessary for my work, but would advise everyone against "an exclusive" of any kind, and every kind, as for the general public all things rightly associated secure best health to all.

When one enters upon any serious specialty, he must find by experiment what foods or kinds of foods will best supply the kind of energy that his work exhausts.

Psychic work is one of the most difficult specialties known to man. But one person in 10,000 therein ever comes to sufficient unfoldment to even pay the expenses of his training therefor.

I ate every kind of eatables for many years. Slate pencils, coal, glass, wood, grass, copper, tobacco, tea and all kinds of liquor were experimented with and no unusual disadvantage perceptible, but when I was ready for the exclusive psychic, I had to deny myself every liquor, tobacco, meat, and cooked food, not because of their being unhealthy, but because while using them my body, brain and mind would not act as quickly, nor register the more rapid vibrations so exactly, as success in this vocation demands that they must.

No ordinary person should copy my diet, for you must remember the years

MARCH WEATHER IS SAID TO BE FIXED

Rev. I. Hicks and L. C. Mead. Both Make Their Forecasts for the Present Month.

According to the old time saw and prophecies of the old inhabitants March promises to be an interesting month as usual. It is with relief that we hear from L. C. Mead, the local forecaster, who says that the month is going to be "milder" than usual. He however predicts a snow storm on the fifth, which is tomorrow, and other disturbances later on, but spring rains will bring the spring showers according to his figuring.

Another peculiar feature of the present spring is the condition of the Rock river. Its waters are as clear as a crystal and from the city bridges the bottom can be seen as in the bed of a small creek running through pastures green in summer. In fact those who have watched the river for some time past weeks now and that the river is not rising as fast as many thought it would. In truth the waters that are melting from the snow and ice appear to be sinking down into the ground rather than flowing in torrents. The ground under the snow is soft and spongy and the nourishment that comes from the snow covering as it melts away.

From Stoughton comes the tale that a little black bug has been found on top of the snow. Whether this is another case of the snow snake story in a "different" form is not known, but Stoughton people claim that they have seen the animal that a person placing their hands on the snow soon finds the hand covered with these little creatures. They can not explain where they come from and have written to Madison for definite information.

Rev. I. Hicks, however, does not give us such a pleasing forecast of coming summer and he tells of storms and snow and sleet just as the old fashioned March months have been for years and years.

Now you can understand my purpose in tracking this up, and can see how slight I am, since it must require so much to convince me of these things which just seem impossible to me, because they contradict so many years of handed down, supposed certain facts.

I am not presuming that you shall copy what I have written as that would be to use your columns unwisely, since many people would not be interested and you must consider the desires and needs of each one of your many readers.

Just condense "sheet 1" so that no one will be misinformed and cause themselves pain and me to appear inconsistent since I do not follow the regime as outlined in the kindly article of yesterday.

I have added sheet 2 and 3 and this to give you a more correct outline of what (because of few words) may come under your consideration later in other articles, that you may give facts exactly as they are and by this making one consistent, you deserve commendation and will hold the respect of those who "prove out" the statements as they appear in your valuable paper.

The Gazette has not suffered an interruption in its visit to this household since the year 1859 (and am informed that whatever publication led up to it was taken as early as 1852) so you must acknowledge us quite satisfied in our support and deeply appreciative in regard for the principles you uphold and heartily in sympathy with the superior management which finds and presses into service such efficient and progressive standard workers to encourage and inspire us lesser lights.

Respectfully,
Z. O. BOWEN.

A DOCTOR'S SLEEP

Found He Had to Leave Off Coffee.

Many persons do not realize that a bad stomach will cause insomnia. Coffee drinking, being such an ancient and respectable form of indisposition, few realize that the drug-coffee—contained in the coffee and tea, is one of the principal causes of dyspepsia and nervous troubles.

Without their usual portion of coffee, the coffee tapers are nervous, irritable and fretful. That's the way with a whiskey drinker. He has got to have his dram "to settle his nerves"—habit.

To leave off coffee is an easy matter if you want to try it, because Postum—well boiled according to directions—gives a gentle but natural support to the nerves and does not contain any drug—nothing but food.

Physicians know this to be true, as one from G. A. writes:

"I have cured myself of a long-standing case of Nervous Dyspepsia by leaving off coffee and using Postum," says the doctor.

"In treating Dyspepsia in its various types, I find little trouble when I can induce patients to quit coffee and adopt Postum."

"The doctor is right and 'there's a reason.' Read the little book, 'The Road to Wellville,' in place."

ENOUGH MEN TO DO WORK IN GREEN CO.

Supervisor D. E. Roberts' Firm, No Difficulty in Securing Census-takers in That Section.

Monroe, Wis., March 4.—D. E. Roberts of Monroe, supervisor of the census for the First congressional district was in the city yesterday talking over census positions with prospective candidates, and, conferring with them regarding the work. He stated that he will be able to get a sufficient number who passed the examination for all the census districts in Green county.

An action brought by Jacob Karlen & Sons against W. J. Haddinger, for adultery with a wife, was heard yesterday before Justice H. N. B. Caradine, the Karlen firm bringing suit to remove the penalty under the contract. Mr. Haddinger was convicted on a charge of milk adulteration some time ago. J. L. Sherron and W. H. McGrath appeared for the plaintiff and A. S. Douglas and J. M. Becker represented the defendant.

James Ward, proprietor of the Central house at Albany, who has been violating the liquor laws at that place, was brought before Justice Fossenden for a hearing and bound over to the circuit court. This state's chief witness was a private detective who had been employed by the saloon league. Rumor has it that Albany is preparing for another license election and that each side has made a poll of the voters, each side confident that it will win out, though the vote will be close.

Legislative Association of Co. H, who threw all corners at the first regular encampment last year, is to wrestle with a Milwaukee wrestler on Wednesday evening, March 16, at the armory, under the auspices of Co. H. The latter claims the state title. It is expected that many parties from the surrounding country will be attracted here by the wrestle.

A number of teachers from here will attend the Southern Wisconsin Teachers' association which is to be held in Platteville Friday, March 11. The Milwaukee road will run a special train to Platteville on Friday for the accommodation of the teachers.

Miss Mina Ester has arranged to give a musical and dramatic entertainment at Wittwer's hall at Monticello on Saturday evening, March 19. Misses Anna and Mary will provide all the drama, giving vocal and instrumental music and a one-act comedy, entitled "The Smith Mystery," will conclude the program.

Mrs. Emory A. Odell arrived last evening from a month's visit in Old Mexico. She had a delightful trip and would have stayed to complete her visit there had it not been for the torrid condition of the climate.

Mrs. Herman Reges and Miss Fanny Elmer, are spending a few days in Milwaukee with relatives. F. A. Shriver and Fred W. Miller are in Chicago on business.

Mrs. C. O. Stearns has returned from a short visit to relatives at New Orleans.

Mrs. Catherine Cronin, who has been here on an extended visit to her daughter, Mrs. Sarah Oswald, left yesterday for her home at Appleton.

State Bank Examiner Hagan was here yesterday making the regular examination at the Citizens bank. W. O. Grinnell and T. A. Grinnell are visiting a brother at Brooklyn, this week.

SMASH RECORD FOR PASSENGER TRAFFIC

Month of February Reported to Be One of Unusual Prosperity for Both Roads.

Passenger traffic on both roads for the month of February, 1910, far eclipses the record set for the same month last year and indeed, in the opinion of many, is unusual for this time of the year when travel is generally light.

Combined receipts, although in definite figures can be accurately as thought to exceed last year's mark by at least several thousand dollars.

The patrons of the road, as a general rule, do not come from the city of Janesville alone, but are drawn from the surrounding country and nearby small towns, while the trips, in many cases, cover several thousand miles. These facts certainly speak well for the prosperity of the farmers of this county.

REDS MADE HIGH TOTAL OF THE SEASON LAST EVENING

Made 2603 Points in Three Games and Beat Cubs by Taking Two Out of Three Games.

The "Reds" howling team last evening made the record of the season by rolling a total of 2603 pins, and defeated the Cubs, their opponents, by taking two out of three games. High scores were made by Imrie, 209; Hockett, 201; and Humpel, 201. The details of the match last evening:

| Team | Winn. | Loss. | Per. |
